

Hello Year Fours,

My name is Mrs Sumner and I will be your new teacher when you come back to school. I will be teaching you Monday to Thursday and Mr Brookes will be teaching you on a Friday. Mrs Harrison and Mrs Ingham will also be helping us with our learning and we are all really looking forward to welcoming you back in September. We are called the Outstanding Orangutans and we have lots of exciting activities planned for you as part of our topic called "**Raging Rivers**". We will spend some time in the first week learning about each other and getting to know each other. We also will be interested to know what your favourite things are such as who are your friends and what is your favourite book to read. We hope you have a lovely summer with your families and look forward to seeing you all in September.

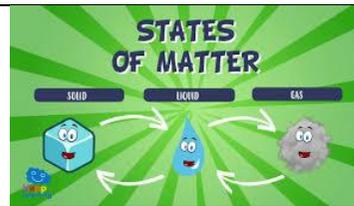

In English we will be writing about famous rivers around the world and then we will be moving onto looking at a lovely story about Otters.

In Maths we will be following White Rose Maths <https://whiterosemaths.com/>

We will be also focussing massively on our times tables so if you could practice on TT Rockstars over summer that would be great!

Our P.E day is on a Friday.

In Science we will be learning about States of matter.

In Geography we will learn about where rivers are located and the different stages of rivers.

In Design and Technology, we will be creating our own river models.

In Mfl we will be we will be getting you know you and learning numbers and colours in French.

In PE we will be focussing on gymnastics.

In Religious Education we will be looking at the story of Creation in the Bible.
